Claims 3-25 are presented for examination.

The final rejection of March 10, 2004 is hereby withdrawn.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102 (b) as being anticipated by Arch. Ophthalmol. (1999) 117:1329-1345. The Arch of Ophthalmology teaches two additional PDT treatments at 2 and 4 weeks following initial treatment. Such period is within the 3 months as claimed herein. See page 1177, columns 1 and 2. The claim reads exactly on the teaching of the prior art.

Claims 4-23 are objected to as being dependent on a rejected claim.

Claims 24 and 25 at present time are considered to be allowable.
